This brochure must be read in conjunction with the Installation, Cleaning & Maintenance Guidelines and Performance Certificates for the relevant system. The Manuals must also be used in conjunction with the design and cutting lists from the latest version of Starfront.

The Crealco Horizon adjustable shutters have been designed in South Africa, for the South African market. The Horizon with aluminium louvre blades is designed with completely adjustable louvres which offer exceptional control of exterior light. The system is easy to maintain and allows for a beautiful view of your outside environment, but in addition offers you the option of complete privacy.

The Crealco Horizon shutters can be configured to a sliding folding or sliding hinged system.
